OBJECTIVE

Computer Science student with a passion in programming, and software development. Seeking a challenging position to apply academic knowledge, enhance technical skills, and contribute to innovative projects while gaining practical experience in a dynamic and collaborative environment.

PROJECTS

Web-Based Voice-to-Sign Language Translator

Lead Programmer

Sept 2023 - Jan 2025

A web application that translates spoken language into sign language in real time, promoting inclusivity and accessibility for individuals with hearing impairments. It also serves as an educational tool for those who wish to learn or improve their sign language skills, including aspiring interpreters and volunteers.

Online Bidding System

Web Developer

Mar 2025 - Apr 2025

This platform is designed to enable significant cost savings, potentially amounting to tens of thousands of pesos, by streamlining the procurement process. Through organized bidding events, suppliers compete to offer their products or services of the company at the most competitive prices. By fostering a transparent and competitive environment, the system promotes price efficiency and ensures that the company receives the best possible value from its vendors.

SKILLS

Programming Skills: C++, Java, Python, C#

Web Development: HTML, CSS, Javascript

Database: Firebase

Tools & Technologies: Github, Visual Studio Code, blender

Experience

Web Developer Intern

Producers Connection Logistics Inc.

Feb 2025 - Apr 2025

Education

Bachelor of Computer Science

Systems Technology Institute College Dasmarinas

Sept 2021 - Recent

ACHIEVEMENTS/CERTIFICATION

STI Dasmarinas Campus Week 2024

Cybersecurity 101: Cybersecurity of Everyone
